#### 5.2 Heavy Vehicle and Caravan Set Down Area and Proposed Transfer of Funding **EXECUTIVE SUMMARY**

This report is to advise Council that the proposed Heavy Vehicle Lay Down area and overnight rest area project in Moranbah is to be cancelled. In lieu of construction of a specific site the management of heavy vehicles parking in the town centre is to be controlled through development and implementation of appropriate Local Laws and the installation of signage and compliance measures. Currently Isaac Regional Council has no local parking law and this is to be developed.

It is proposed that the project funding for CW212912 Moranbah Heavy Vehicle Set Down Area be transferred to CW212923 Road Safety Audit Pro-active Treatment to increase the number of proactive safety projects.

#### OFFICER'S RECOMMENDATION

That the Committee recommends that Council:

- 1. Approves Project CW212912 Moranbah Heavy Vehicle Set Down Area be cancelled and removed from the 2020-2021 Capital Budget, and
- 2. Approves the available funding on CW212912 be transferred to CW212923 Road Safety Audit Proactive Treatments.

**Resolution No.:** E&I0469

Moved: Cr Greg Austen Seconded: **Cr Sandy Moffat** 

That the Committee recommends that Council:

- Approves Project CW212912 Moranbah Heavy Vehicle Set Down Area be cancelled and 1. removed from the 2020-2021 Capital Budget, and
- 2. Approves the available funding on CW212912 be transferred to CW212923 Road Safety Audit Proactive Treatments subject to there being no budget funding shortfall in the delivery of the Moranbah dump point.

Note: Acting Director Engineering and Infrastructure advised the Committee of an error in the body of the report noting that the Local Roads and Community Infrastructure Grant is a Federal Government funded grant.

#### 7. GENERAL BUSINESS

### For Awareness - Hazard at Ilbilbie Intersection

Cr Coleman has been made aware of overgrown grass at the intersection at Ilbilbie near the service station which has impacted visibility in that section of road which requires attention noting that the recent rain has impacted maintenance schedules.

#### 7.2 Vandalism and Illegal Dumping of Vehicles - St Lawrence

Cr Coleman brought to the attention of the Committee the vandalism in St Lawrence to Ergon equipment on the highway as well as the large number of Council signage being removed from the region, in particular speed and road signage.

Cr Coleman raised concern with the large number of vehicles illegally dumped on road ways.

Acting Director Engineering and Infrastructure updated the Committee on the detailed defect inspection being conducted across the region to establish the condition of road ways across the road network including

signage. Further information will be brought back to the Committee on completion of the inspection which will include implementation of a strategic maintenance regime.

Cr Moffat queried whether an App could be developed to record defects as they are discovered, similar to what has been implemented by the Chief Information Officer.

Acting Director Engineering and Infrastructure confirmed the Directorate is currently using software and the strategic maintenance plan will determine whether the current system is still appropriate to use or whether a move to an internal software system is more appropriate.

#### 7.3 **Coordinator Infrastructure West**

Cr Austen requested an introduction to the new Coordinator Infrastructure West

#### ACTION: ACTING DIRECTOR ENGINEERING AND INFRASTRUCTURE

#### **Bollards in Middlemount**

Acting Manager Infrastructure provided the Committee with a brief update on the request for bollards in Middlemount to address a safety concern of vehicle movements.

#### 7.5 **Carfax Road**

Cr Moffat raised concerns received from a resident regarding the condition of Carfax Road particularly since the wet weather.

#### **ACTION: ACTING DIRECTOR ENGINEERING AND INFRASTRUCTURE**

#### 7.6 Feedback – Cr Coleman

Cr Coleman passed on thanks from the Nebo Police Officer in relation to communication with an Isaac Regional Council Officer regarding the school zone.

Cr Coleman reported back to the Committee the positive feedback received from the community regarding engagement from the Coordinator Infrastructure East.

Cr Coleman advised the Committee of the Fitzroy Development Road Rest Stop Agenda item on the upcoming RAAG meeting and to advise if there are any items the Committee would like raised at the meeting.

This report is to provide an update to the Engineering and Infrastructure Standing Committee and Council of the progress in delivery of the Engineering and Infrastructure 2020/2021 Capital Works Program.

#### OFFICER'S RECOMMENDATION

That the Committee recommends that Council:

- 1. Receive and notes the monthly Engineering and Infrastructure 2020/2021 Capital Projects Progress Report.
- 2. Receive and notes works awarded under the 2020/2021 Engineering and Infrastructure Procurement Plan.
- 3. Receive and notes the 2020/2021 Engineering and Infrastructure Procurement Plan Report (detailing local contractor content).

#### **BACKGROUND**

Progressive updates of the financial and physical position of projects in the 2020/2021 Engineering and Infrastructure Capital Works program are required to ensure that Council is aware of the progress of and risk to the delivery of the program.

Engineering and Infrastructure has undertaken to report local content in contracts awarded through the Procurement plan.

#### **IMPLICATIONS**

The attached Engineering and Infrastructure 2020/2021 Capital Projects Progress Summary spreadsheet identifies the financial and physical position of all projects. A red flag indicates either a time or budget issue, yellow indicates the projects is of concern and green indicates no issues. Commentary is provided to briefly explain the position of projects. Where the risk is considered low or of insignificant impact to council or community no additional commentary is provided. Where risks are significant separate commentary is provided in the Engineering and Infrastructure Issues Report.

#### Compliance

To ensure that the Engineering and Infrastructure 2020/2021 Capital Works Program is achieved within the identified timeframes of the 2020/2021 financial year.

Per Resolution number 6763 (2020/2021 Engineering and Infrastructure Strategic Procurement Plan), the activities of the previous month's Procurement Plan under the Chief Executive Officer's delegation will be noted in this report.

#### **Benefits**

Council can see a monthly progress report detailing progress of projects in the Engineering and Infrastructure 2020/2021 Capital Program. This report communicates risks/failure/delays that have been identified within the Engineering and Infrastructure 2020/2021 Capital Works program.

#### CONSULTATION

- Director Engineering and Infrastructure
- Manager Infrastructure Planning and Technical Services
- Manager Corporate Properties and Fleet
- · Manager Infrastructure, Parks and Recreation
- Manager Galilee and Bowen Basin Operations
- Department Coordinators

#### BASIS FOR RECOMMENDATION

To improve business within Engineering and Infrastructure Directorate by providing more appropriate and relevant reporting, transparency and a clear monitoring tool for Council. This report will help identify and communicate any project delays or possible project failures.

#### **ACTION ACCOUNTABILITY**

That the Managers and the Director of Engineering and Infrastructure oversee the scoping, procurement and the completion of the projects identified within the 2020/2021 Capital Projects Progress Summary spreadsheet. Furthermore, that the appropriate Managers and the Director of Engineering and Infrastructure are held accountable for the delivery of these project stages are completed within the identified timeframes.

#### **KEY MESSAGES**

That Council has open communication, oversight and transparency of the Engineering and Infrastructure 2020/2021 Capital Works Program, to ensure Isaac will have effective and sustainable infrastructure that supports the needs of the region's communities and economic sectors.

5.2	EXCEPTIONS	то	LOCAL	GOVERNMENT	REGULATIONS
	CORPORATE P	ROPE	ERTIES AN	ID FLEET	

#### **EXECUTIVE SUMMARY**

The purpose of this report is to retrospectively ratify the purchasing decisions which comply with the exceptions for entering into medium or large sized contractual arrangements within section 235 (a) and (b) of the *Local Government Regulations 2012*.

#### OFFICER'S RECOMMENDATION

The Committee recommends that Council:

- 1. Resolves it is satisfied that there is only 1 supplier who is reasonably available; and
- 2. Endorse the following exception to enter into medium or large sized contractual arrangement as per section 235 of the Local Government Regulations (2012):

Company	Service provided/engaged for delivery of
Plant Assessor	Supply and training of Fleet and Plant Risk Management Software

#### **BACKGROUND**

Under section 235 of *Local Government Regulation 2012*, a Local Government may enter into a mediumsized contractual arrangement or large-sized contractual arrangement without first inviting written quotes or tenders if;

(a) the local government resolves it is satisfied that there is only 1 supplier who is reasonably available; or

#### **Discussion**

Corporate Properties and Fleet engaged Plant Assessor to provide Fleet and Plant Risk Assessment software where the engagement was justified in line with the exceptions of s235 of the Local Government Regulations 2012.

This propriety software is required to enable Isaac Regional Council (IRC) to meet its statutory and Legislative requirements for the provision of safe and compliant fleet and plant. In addition to the initial Subscription and

training cost there is an ongoing annual subscription fee and as such constitutes a medium sized contractual arrangement and in accordance with the regulations a council resolution is required.

Plant Assessor are the sole supplier of this propriety software that is targeted directly to Fleet and Plant Risk Assessment and Management, the product offers a world class library of risk management criteria data in addition to customised criteria.

Manager Corporate Properties and Fleet conducted a desktop review via the Internet of Things (IOT) and Plant Assessor is the only vendor identified that can deliver this specific Fleet and Plant risk management solution in a cost-effective manner offering a full suite of required services via a pre-populated fleet and plant specific asset data base, enabling quick and efficient Fleet and Plant Risk Management processes and associated safe operating procedures.

Plant Assessor is utilised by many Local Governments and private enterprise throughout Queensland and Australia, please see sample list below,

#### **Associated costs**

- Initial subscription and desk top training \$13,380
- On-site Training and conduct Actual Risk Assessments with IRC officers \$4,000
- Value to date \$17,380

Council will be advertising by way of open tender for ongoing subscription services to ensure transparency and demonstrated market value.

The Chief Executive Officer has delegated authority (reference LGR97 of the Delegations Register), however this report seeks Council's ratification of the exceptions which were entered to maintain operational matters.

Where possible, Council will be provided the opportunity to consider before entering into these arrangements, however it is noted on occasion the immediacy will be required. This will be when the delegation will be exercised, with a report to Council to retrospectively ratify.

#### **IMPLICATIONS**

Meet legislation and ensure meeting procurement policies and procedures.

#### CONSULTATION

  - Awarding of external consultant to conduct Road Condition Assessment of infrastructure network across the region
  - o Strong focus on reduction of defect backlog across State Controlled and Local Roads network

#### **CLERMONT WORK CAMP**

#### PREVIOUS MONTH'S ACHIEVEMENTS:

The January rotation saw the inmates very busy getting the vegetation of sites back under control since the December rotation. Very hot humid conditions were challenging for all with some sites having growth as high as the fence line. The prisoners maintain the vegetation for many clubs and organisation within Clermont and at peak growth can take most of the rotation to get back under control.

The Race Club has had its internal walkway stripped back, repaired and painted, now making the internal space all one colour and looking fresh and inviting in time for the winter race meet.

The Kindy has annual play equipment and general maintenance repairs completed except for a piece of pathway that will require more time to complete and organise. The outcome is a very grateful organisation who is having a pretty rough time currently.

Our permanent Saleyard inmate continues to thrive learning some great new skills and developing some great relationships with not only staff members but members of the community. Personal growth and social skill development are noted with the inmate learning how to answer the difficult questions with poise and confidence.

The workcamp chooks have been purchased and are safely tucked up in their new home, hopefully eggs will be a plenty soon enough.

Prisoner numbers have increased to ten with the easing of COVID-19 restrictions. Hopefully this number will continue, and more skilled inmates are taken into the program.

A media piece is to be released in the Clermont Rag shortly highlighting our achievements for the December 2020 and January 2021 rotation. In addition, the new Clermont Telegraph is been looked as potentially another platform for positive exposure.

Community works which have been undertaken include:

- Race Club internal paint and vegetation control
- Kindy maintenance
- Permanent inmate at Saleyards
- Permanent inmate at Historical Centre and assistance with exhibition
- Vegetation control of summer growth at Golf Club, SES, QCWA Hall, Race Course, Bowling Club, Monash Lodge, Frank Dennis units, B.A Hall, Copperfield Store, Copperfield Cemetery

#### **DEVELOPING INITIATIVES / ISSUES:**

- Parole of prisoner's mid rotation and shortly after acceptance into the work camp program. Skill loss during works and number reduction issues.
- CEC meeting times and chair allocation.
- Communication and expectation of the initiative and its workings. Cross institutional issues.
- Equipment wear and tear and break downs. Some new equipment has been purchased which is making an amazing difference to the efficiency of the work and the morale of the inmates.
- Equipment register and tool engraving ongoing. Tender for two new zero turn mowers has been awarded and delivery should be within 4 weeks.
- Management of weather influences and exposure especially since humidity has been high. Prisoner heat management being monitored. Chill towels have been provided to decrease the risk of heat exposure related health issues. Toolbox talk conducted environment and storage.

#### PARKS AND RECREATION

#### PREVIOUS MONTH'S ACHIEVEMENTS:

The Levels of Service review and the Playspaces Strategy (identified actions within the ROSS) have been awarded to Chribec Consulting and the process for initiating these actions began in late February. Stakeholder engagement will be arranged via BMC as the process unfolds.

Australian Sports Turf Consultants (ASTC) has been engaged to conduct individual soil sampling at the sports precincts of Middlemount, Dysart, Clermont and Moranbah – a total of 18 fields. They will provide Parks with a report of findings with remedial turf recommendations appropriate for the next 12 months. At the time of writing, the testing dates have yet to be advised.

Parks Team Leaders have undergone on-site training with the use of electronic tablets for playground auditing, which eliminates the need for paper-based audits and provides immediate filing of audits via ECM. Clairview amenities has benefitted from the installation of an automated water monitoring device to ensure that facility is kept supplied with water on a timely basis. The amenities facility now also has an SMS alert for power outages and a high-level alert for the septic tank.

The Carmila Beach south amenities facility handrail has been repaired to address safety issues.

Rose Harris Park in Clermont has had footpath repairs completed. The Clermont team has also been successively addressing the standard of maintenance at the Old Cemetery, with considerable improvement to the appearance. Mature trees around the town have had their canopies lifted and mowing/brushcutting has been carried out at the BMX track.

In Dysart the Parks team removed an illegal dumping at 4 Connors Street on DNRME land. Centenary Park lighting has now been repaired.

In Middlemount the team now has the benefit of a computer in the depot Parks office. A locksmith has assessed the doors at the Touch Football clubhouse and repairs have been completed. The Blue Mountain water bubbler has been repaired.

#### **CAPITAL PROJECTS:**

Details of the Moranbah Town Square water feature upgrade have been finalised and a project meeting with the consultant took place in the first week of March, prior to tendering.

Playground upgrade proposals in Dysart and Nebo are being provided to the community for engagement via the same process as the initial engagement (via BMC) and tenders are being awarded.

The Lake Elphinstone water tank replacement has been completed and the installation of water-saving shower heads is due shortly.

Carmila Beach campground demarcation continues with 2800m of wire installed and another small amount on backorder.

Dysart's Lions Park still awaits attention from Ergon to connect power for the lighting and irrigation. In Middlemount, the tennis court tests have revealed the need for bigger light cages, which is being addressed.

#### **PREVIOUS MONTH'S ISSUES:**

Lush grass and weed growth continues to be a challenge for Parks teams, with the need for contractual assistance and overtime to cope with the rapid growth.

#### Clermont

Further vandalism at Rose Harris Park and the skate park, involving broken soap dispensers and soap thrown around the park.

Broken item of equipment at the Centenary Park playground.

Shattered window at Monash Lodge, due to rock being thrown.

Mower damage to the corner of the toilet block at SES (investigated – 13 Jan).

#### **Dysart**

llegal dumping of tyres and water pod at rear of soccer fields.

Disabled/accessible toilet broken for the second time. Plumber installing with added reinforcing to assist in prevention of vandalism.

#### Moranbah

Break in BMA raw water line feeding the Apex Park (red bucket) toilets – works completed by BMA, now awaiting MBH plumbing to do the connection on IRC assets.

#### Glenden

Quote submitted for tennis amenities security lighting. New lights fitted, but wiring issue identified. Works delayed due to contractor inductions expiring.

Carmila Beach - demarcation with recycled posts and wire

Dysart - Illegal dumping of tyres and water pod at rear of soccer fields

- Delivery of Capital Works

#### **Organisation Development Plan or Capital Projects**

#### **DEVELOPING INITIATIVES / ISSUES:**

The GBBO team are currently investigating the opportunity and requirements for the establishment of its own cumulative intelligent traffic monitoring system to confirm the specific impacts for resource projects.

### **CORPORATE PROPERTIES AND FLEET**

### **WORKSHOPS, PLANT AND FLEET**

#### PREVIOUS MONTH'S ACHIEVEMENTS:

Fleet and Plant Risk assessments and rectification of non-compliance issues is the focus for the workshop team whilst maintaining BAU activities. Plant assessor training commenced in February for relevant staff to enable commencement of the fleet and plant risk assessments, this work will remain ongoing over the next 12 months, this work will ensure compliance across all fleet and plant assets is achieved to Australian Standards.

Draft preferred supplier agreements, RFQ and RFT are currently being finalised and forwarded to Procurement for lodging, this process will be completed by the end of April 2021, subject to procurement team resource availability.

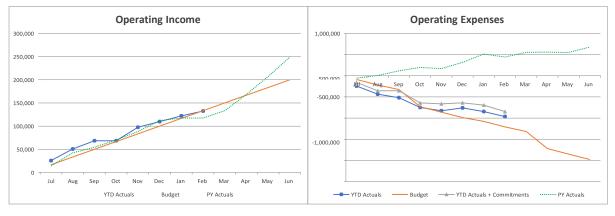

#### PREVIOUS MONTH'S ISSUES:

The arrival of some new plant assets has identified the need to review our Asset Pre-Delivery process in order to expedite handover to the asset users. This process is to be further developed in line with all fleet and plant processes under review.

#### **DEVELOPING INITIATIVES / ISSUES:**

- A full review of current fleet and plant assets has commenced with a report and recommendation to be finalised in March 2021, this will identify areas of improvement and enhanced service levels, this data will also inform the proposed Fleet and Plant Management Strategy – On Going
- CPF are working closely with Contacts and Procurement to assist in identifying redundant assets in the
  depots and general clean out of old stock, with a view of cataloguing remaining assets and sharing
  across the organisation for redeployment where needed STL, MBH Depot site cleans completed,
  Nebo Depot to be completed in March/April
- Fleet and Plant Management Plans, Strategy and guidelines are currently being developed with a draft to be completed by the end of March 2021. These will then be distributed through MLT for feedback prior to being provided to ELT for consideration.
- Workshop fleet status report will be emailed out daily commencing in February to all relevant stakeholders, this will ensure the expectations of fleet repair and handback are communicated.

### **CORPORATE PROPERTIES**

#### PREVIOUS MONTH'S ACHIEVEMENTS:

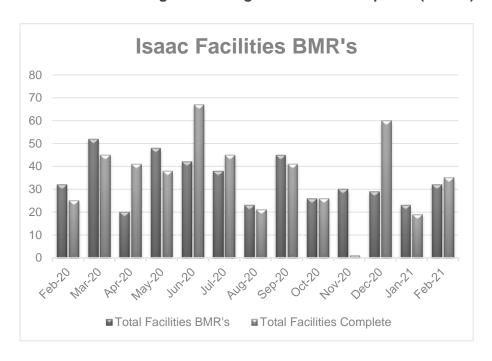

RFQ issued for 57 Winterer Crescent renovations, RFT for the disposal of 23 Powerhouse Lane for removal also issued. Capital works still underway at 11A Archer Drive and 23 Barraclough Crescent, Moranbah and 13 Samson Street, Clermont. Trades teams are also addressing BMR's (Building Maintenance Requests) at various locations throughout the region. 26 Norton Street underpinning and renovations are underway and will be ongoing for the next month. The 16-person fatigue accommodation project at 12 Acacia Street is well into the planning stage with the purchase of the land complete and the plans ready for submission for building approvals.

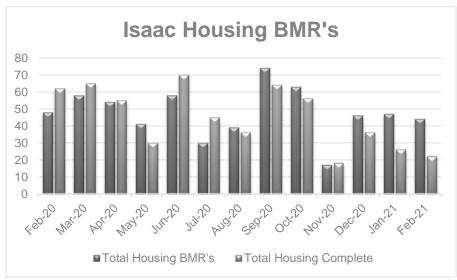

Congratulations to Carolyn Wood, Maintenance Officer for completing her 10 years of service with Isaac Regional Council. Carolyn is valuable member of the Corporate Properties team and consistently shows her commitment in addressing any building issues promptly and efficiently. Carolyn is an integral member of the team with a high work ethic and dedication to Councils key values. Carolyn was presented her award at a lunch with her colleagues.

#### PREVIOUS MONTH:

- Commencing all capital delivery programmes for scheduling in 2020/21
- Ongoing BMR (Building Maintenance Requests) as required
- Moranbah Office Refurbishment is nearing completion

#### **DEVIATION FROM BUDGET AND POLICY:**

Nil to Report

#### **NEXT MONTH'S PROGRAM:**

Key focuses for this period will be the continuation and completion of many maintenance programs as well as the planning and the continuation with the delivery of the capital works program for 2020/21. Capital Works projects in Clermont will commence with a major renovation at 13 Samson Street and minor works at other various properties. Residential refurbishments at 11A Archer Drive and 23 Barraclough Crescent Moranbah are underway with bathroom renovations, kitchen upgrade, new floor coverings and paint.

#### **DEVELOPING INITIATIVES / ISSUES:**

Current PSA's that were in place at the beginning of the financial year have expired, this does not hamper service delivery, it does however create a longer procurement process to ensure we meet purchasing policy compliance. **Ongoing.**

#### NATURAL RESOURCES

#### Gravel

Council crew remain extracting and stockpiling raw material within Emu Apple pit for use on current Turrawulla Road resheet works.

Contractor has pushed 90% of the material required at Epping Forest Pit.

#### **NEXT MONTH'S PROGRAM**

Continuation with Emu Apple material extraction.

An application will be made to Department of Forestry to add Walthum Pit (on Laglan Road) to Council's Sales Permit. This pit has been an active site for many years as a fundamental source however it has not been formalised under DAF approval. It is anticipated that approval will be granted to allow Council continued access.

#### Water

#### BHP Pipeline from Mackenzie River

BHP – Infrastructure Asset Management team have agreed to grant Council access to the pipeline that crosses the Barwon Park-Middlemount Road and/or Bingegang pump station on Mackenzie River-Capella Road. Council awaits quotation for the components and labour to install appropriate fittings for the water connection point off the source valve.

Usage will be incorporated under the Moranbah agreement as there has not been one established for Dysart or Middlemount.

#### **NEXT MONTH'S PROGRAM**

Release of request for quotation for dam construction works on Frankfield Road – Capital Program.
