ADJUSTMENTS TO THE INFRASTRUCTURE CHARGE

1. AUTOMATIC INCREASE PROVISION

An infrastructure charge levied by Council is to be increased by the difference between the Producer Price Index (PPI) applicable at the time the infrastructure charge was levied, and PPI Index applicable at the time of payment of the levied charge, adjusted by reference to the 3-yearly PPI Index average¹.

If the levied charge is increased using the method described above, the charge payable is the amount equal to the sum of the charge as levied and the amount of the increase. The total sum levied for any of the infrastructure networks cannot exceed the maximum adopted charge rate for that infrastructure network calculated for the additional demand of the approved development.

Upon request Council shall provide the indexation amount that needs to be added to the levied charge and confirm the total amount outstanding.

2. FAILURE TO PAY

A levied charge for infrastructure fixed by a local government is, for the purposes of recovery, as per Section 144(1) of the *Planning Act 2016*. This is taken to be a rate within the meaning of the *Local Government Act 2009*. This means:

- a. an adopted infrastructure charge may be recovered by court action for a debt;

¹ 3-yearly PPI index average is defined in schedule 2 of the *Planning Act 2016* and means the PPI index smoothed in accordance with the 3-year moving average quarterly percentage change between quarters. PPI Index is the producer price index for construction 6427.0 (ABS PPI) index number 3101 – Road and Bridge construction index for Queensland published by the Australian Bureau of Statistics.

- b. an adopted infrastructure charge may be recovered from the person for the time being owning the relevant land, regardless of who was the owner or other person upon whom the charges was imposed;
- c. interest is payable on overdue payments (Compound annual interest at 11% calculated daily is to be applied on an overdue charge); and
- d. if a levied charge is unpaid for 3 years, the land can be sold to recover the outstanding charges.

OTHER MATTERS

1. LAPSING OF INFRASTRUCTURE CHARGES NOTICE

This Infrastructure Charges Notice stops having effect to the extent the approved development stops having effect.

2. GOODS AND SERVICES TAX

The Federal Government has determined that rates and utility charges levied by a Local Government will be GST free. Accordingly, no GST is included in this Infrastructure Charges Notice.

3. APPLICABLE OFFSETS AND REFUNDS

Infrastructure offsets and refunds apply when developers are required to provide trunk infrastructure. These may be physical works (such as a sewer main) or land to accommodate infrastructure (for a future road upgrade). The infrastructure (or land) requirement will be conditioned as part of a development approval. In those circumstances, the cost of that trunk infrastructure will be offset against any infrastructure charges payable under the development approval (as an Infrastructure Charges Notice will still be issued where adopted infrastructures apply). Where the cost of providing the trunk infrastructure is greater than the infrastructure charges, a refund will be paid to the developer.

4. RATIONALE FOR ISSUE OF INFRASTRUCTURE CHARGES NOTICE

Isaac Regional Council has issued this Infrastructure Charges Notice as a result of additional demand placed upon trunk infrastructure that will be generated by the approved development. The levied charge has been calculated in accordance with Isaac Regional Council Charges Resolution (No.3) 2021.

APPEAL RIGHTS

Planning Act 2016

Chapter 4 Infrastructure

Part 2 Provisions for local governments

125 Representations about infrastructure charges notice

- 1) During the appeal period for the infrastructure charges notice, the recipient may make representations to the local government about the infrastructure charges notice.
- 2) The local government must consider the representations.
- 3) If the local government—
 - a) agrees with a representation; and
 - b) decides to change the infrastructure charges notice; the local government must, within 10 business days after making the decision, give a new infrastructure charges notice (a negotiated notice) to the recipient.
- 4) The local government may give only 1 negotiated notice.
- 5) A negotiated notice—
 - a) must be in the same form as the infrastructure charges notice; and
 - b) must state the nature of the changes; and
 - c) replaces the infrastructure charges notice.
- 6) If the local government does not agree with any of the representations, the local government must, within 10 business days after making the decision, give a decision notice about the decision to the recipient.
- 7) The appeal period for the infrastructure charges notice starts again when the local government gives the decision notice to the recipient. [s 126] *Planning Act 2016* Chapter 4 Infrastructure Page 142 Current as at 10 June 2022 Authorised by the Parliamentary Counsel

126 Suspending relevant appeal period

- 1) If the recipient needs more time to make representations, the recipient may give a notice suspending the relevant appeal period to the local government.
- 2) The recipient may give only 1 notice.
- 3) If the representations are not made within 20 business days after the notice is given, the balance of the relevant appeal period restarts.
- 4) If representations are made within the 20 business days and the recipient gives the local government a notice withdrawing the notice of suspension, the balance of the relevant appeal period restarts the day after the local government receives the notice of withdrawal.
