LOCAL GOVERNMENT ACT 2009

Local Government Regulation 2012

Chapter 8, Part 2 Local Government Meetings and Committees

Division 1A, Requirements for Local Government Meetings Generally

Section 254J Closed meetings

- (1) A local government may resolve that all or part of a meeting of the local government be closed to the public.
- (2) A committee of a local government may resolve that all or part of a meeting of the committee be closed to the public.
- (3) However, a local government or a committee of a local government may make a resolution about a local government meeting under subsection (1) or (2) only if its councillors or members consider it necessary to close the meeting to discuss one or more of the following matters—
 - (a) the appointment, discipline or dismissal of the chief executive officer;
 - (b) industrial matters affecting employees;
 - (c) the local government's budget;
 - (d) rating concessions;
 - (e) legal advice obtained by the local government or legal proceedings involving the local government including, for example, legal proceedings that may be taken by or against the local government;
 - (f) matters that may directly affect the health and safety of an individual or a group of individuals;
 - (g) negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government;
 - (h) negotiations relating to the taking of land by the local government under the [Acquisition of Land Act 1967](#);
 - (i) a matter the local government is required to keep confidential under a law of, or formal arrangement with, the Commonwealth or a State.
- (4) However, a local government or a committee of a local government must not resolve that a part of a local government meeting at which a decision mentioned in [section 150ER\(2\)](#), [150ES\(3\)](#) or [150EU\(2\)](#) of the [Act](#) will be considered, discussed, voted on or made be closed.
- (5) A resolution that a local government meeting be closed must—
 - (a) state the matter mentioned in subsection (3) that is to be discussed; and
 - (b) include an overview of what is to be discussed while the meeting is closed.
- (6) A local government or a committee of a local government must not make a resolution (other than a procedural resolution) in a local government meeting, or a part of a local government meeting, that is closed.

Conflict of Interest Obligations

Reference is made to Section 150EL of the Local Government Act 2009. Specifically, the obligation of Councillors when they first become aware they have a conflict of interest to make the Chief Executive Officer aware in writing or if in a meeting, ensure they declare immediately.

5.1 WATER AND WASTE 2023-24 CAPITAL PROJECTS PROGRESS REPORT

EXECUTIVE SUMMARY

This report aims to update the Water and Waste Standing Committee and Council on the delivery of the Water and Waste 2023/24 Capital Works Program.

OFFICER'S RECOMMENDATION

That the Committee recommends that Council:

- 1. Receives and notes the monthly Water and Waste 2023/24 Capital Projects Progress Summary Report.**

BACKGROUND

Regular updates on the financial and physical status of projects within the 2023/24 Water and Waste Capital Works program have been provided throughout the year to keep Council informed about the program's progress and associated risks. This report is the final instalment as of 30 June 2024.

CAPITAL PROJECTS PROGRESS

At the start of the financial year, a total of 41 projects were approved for inclusion in the Water and Waste annual budget. At the second quarter review (Q2), two projects were deferred to the 2024/25 financial year leaving a total of 39 projects for delivery in the FY23/24 Capital Works Program.

The project status as of 30 June 2024 is shown below. This summary reports the status of projects based on the following definitions:

Completed: Projects that have achieved practical completion and are closed.

Nearing Completion: Projects that have completed more than 95% of their Scope of Works, with only minor tasks remaining.

On Track: Projects progressing satisfactorily according to their revised schedules.

Lacking Progress: Projects behind their revised schedule milestones.

Deferred: Projects that have been deferred without any work being undertaken.

Project Status (Construction)

- Completed: 18 projects (46%)
- Nearing Completion: 2 projects (5%)
- On Track (as per revised program): 15 projects (38%)
- Lacking Progress: 4 projects (10%)

All 39 projects have commenced and seen substantial progress. Twenty (20) projects are either completed or nearing completion, meaning 51% of projects have been delivered against the revised capital program.

The remaining 19 projects in the revised program have all commenced, with most in the construction stage. Some projects aim to be completed between July to September, while a few are still at the scoping stages and will be undertaken throughout the current financial year.

In terms of capital expenditure against the revised program, as of 30 June, 78% of the revised budget has been spent. Including commitments, the expenditure reaches 98%.

Project Status Details

Completed: 18 projects (46%)

1. CORP Water Treatment Plant clearwater tank upgrades
2. Clermont Sewerage Treatment Plant Upgrade works
3. Nebo Water Treatment Plant Electrical Conductivity Improvement
4. CORP SPS rehabilitation works MMT, NBO,
5. Moranbah Water Treatment Plant Bobby Plant filter Media replacement
6. Clermont Water Network Augmentation
7. CORP Sewer relining
8. Dysart Wastewater Treatment Plant Trickling filters x 2

14. CORP Bulk Water Meter Replacements
15. CORP Meters for Recycled Water Meters
16. CORP Lab equipment for treatment plants
17. Clermont Wastewater Treatment Plant Pipework Renewal
18. Middlemount Recycled Water Network

Nearing Completion: 2 projects (5%)

These projects have completed more than 95% of their Scope of Works, with only minor tasks remaining:

1. Moranbah Landfill - Stormwater, Leachate Management

This project remains open due to legal and contractual reasons, despite no further physical works or payments being required. It is effectively complete but may be revived if further actions are needed for cost recovery from the disputed incomplete works by the contractor.

2. CORP Telemetry upgrades to Water Treatment Plants

The project is 95% complete, with minor works remaining. Materials have been delivered and are pending contractor completion.

On Track (as per revised program): 15 projects (38%)

Some of the projects in this category experienced early delays due to tendering, resourcing, and scoping issues, impacting the original schedule. These projects are now planned for completion in the 24/25 financial year with revised schedules serving as the baseline to determine their current progress.

1. Moranbah Water Treatment Plant roof replacement

Revised program targets completion by end of September 2024. Additional costs anticipated due to steel price increase; awaiting quote for epoxy coating the external wall.

2. Nebo Wastewater Treatment Plant SCADA project

Technical advisor engaged; progress not satisfactory. Risk of insufficient SCADA upgrades to meet external grant requirements present. Alternative delivery options under consideration. Anticipated delivery by end of 24/25 financial year.

3. Glenden Wastewater Treatment Plant SCADA project

Technical advisor engaged; progress not satisfactory. Risk of insufficient SCADA upgrades to meet external grant requirements present. Alternative delivery options under consideration. Anticipated delivery by end of 24/25 financial year.

4. Nebo Water Network Augmentation

Ongoing pipe testing in July 2024. Remaining funds carried forward into 2024/25. Expected practical completion by end of July.

5. CORP SCADA Upgrades

Technical advisor engaged, progress not satisfactory. Risk of insufficient SCADA upgrades to meet external grant requirements present. Alternative delivery options under consideration. Anticipated delivery by end of 24/25 financial year.

6. St Lawrence Water Storage & Raw Water Main

New raw water main completed and commissioned in November 2023. Ongoing construction of Water Storage component extends into 2024/25. Raw water tank design reviewed; site work planned to initiate on 15 July. Remaining funds carried forward into 2024/25. Anticipated completion January 2025.

7. Clermont Water Treatment Plant Filter Media & Plant Modernisation

Includes three sub-projects. Tender for Turbidity Analysers awarded in late March. Design and Construct contract for Switchgear Upgrade awarded in May. Rescoping of Chemical Dosing Upgrade design underway. Remaining funds carried forward into 2024/25. Expected completion by end of 2024/25 financial year.

8. Clermont Waste Management Facility Weighbridge Installation

Main construction complete, final inspection for Practical Completion on 4 June. Defects being finalized. New weighbridge operational from 1 July 2024. Variation to be finalized for pending items and practical completion achieved by end of July.

9. CORP Water Treatment Plant Emergent and / or Prog Renewals

Remaining works to be completed by mid-July to complete 24/25 emergent and renewals for water treatment plants.

10. CORP Wastewater Treatment Plant Emergent and / or Prog Renewal

Remaining works to be completed by mid-July to complete 24/25 emergent and renewals for wastewater treatment plants.

11. Moranbah SPS Upgrades

Contract offered to undertake works by preferred supplier. Commencement of works anticipated in early July, with completion in September.

12. Moranbah Rectification of Landfill Cell

Geotechnical specialist engaged in late April. Project progressing with rectification options. Completion expected in 2024/25, carrying forward \$3.7 million.

13. Carmila Landfill Capping – Design

Landfill After Care Plans for Carmila progressing with revised surface water design. Scope of work for tendering to civil contractors in progress. Remaining funds carried forward into 2024/25. Expected completion by end of September.

14. Greenhill Landfill Capping Design

Landfill After Care Plans for Greenhill progressing with revised surface water design. Scope of work for tendering to civil contractors in progress. Remaining funds carried forward into 2024/25. Expected completion by end of September.

15. Middlemount Water Treatment Plant Disinfection upgrade

This project is delivered internally by Operations team. The project is carried forward and planned to be delivered in the first quarter in 24/25 financial year.

Lacking Progress: 4 projects (10%)

1. Moranbah Water Treatment Plant Filter Valve Replacement

Issues with non-compatible equipment arose. Awaiting return of contractor. Additional equipment required. Delay expected, with coordination with Operations for completion in September.

2. CORP Water Valve & Hydrant Replacement

Materials delivered to the site. Resources from Operations to be utilized for installation. Expected completion by mid-July.

3. Moranbah Recycled Water Network

Following directions from the working group, Planning & Projects team progressing to deliver project in the 2024/25 financial year.

4. Glenden Landfill to Transfer Station

On-site construction began in late May. All concrete works completed, with unbound pavement works progressing. Delayed by wet weather in late June. Site operational from 1 July 2024, with remaining gravel road construction expected to complete by mid-July.

Deferred: 2 projects

1. CORP Manhole Rehabilitation

Deferred to a future year due to other competing priorities in the new Capital Works program and in response to the CCTV camera survey data received. Future manhole rehabilitation will be undertaken in concert with the recurring sewer relining initiatives when defective assets are identified.

2. Carmila Water Treatment Plant Drinking Water Compliance

The Carmila Water Treatment Plant Drinking Water Compliance project will be delivered in the 2024/25 financial year as part of a larger scope of works planned for the site.

IMPLICATIONS

The attached Water and Waste 2023/24 Capital Projects Progress Summary provides a summary of the financial and physical status of all projects at the end of the FY23/24 financial year.

Performance this year has improved on the preceding year although there were still some projects which experienced delivery delays moving their completion dates in the early part of the FY24/25 year.

COMPLIANCE

Compliance with the Water and Waste Capital Works Program continues to improve and provides essential investment to maintain and enhance service delivery in both the water and waste service areas.

BENEFITS

The provision of this report enables Council to see the monthly progress of projects in the Water and Waste 2023/24 Capital Program and the end of financial year position of the program. This report communicates risks, failures and delays that have been identified within the Water and Waste 2023/24 Capital Works program.

CONSULTATION

- Director Water and Waste
- Manager Operations and Maintenance

- Manager Waste Services
- Planning & Project Department Project Managers
- Executive Leadership Team (ELT)

BASIS FOR RECOMMENDATION

To improve business within the Water and Waste Directorate by providing more appropriate and relevant reporting, transparency, and a clear monitoring tool for Council. This report will help identify and communicate any project delays or possible project failures.

ACTION ACCOUNTABILITY

The Managers and the Director of Water and Waste oversee the scoping, procurement, and completion of the projects identified within the 2023/24 Capital Projects Progress Summary spreadsheet. Furthermore, the appropriate Managers and the Director Water and Waste are held accountable for the delivery of the project stages which are completed within the identified timeframes.

KEY MESSAGES

That Council has open communication, oversight, and transparency of the Water and Waste 2023/24 Capital Works Program, to ensure Isaac will have effective and sustainable water and waste infrastructure that supports the needs of the region's communities and economic sectors.
